Other Information Items/Updates

Review or Approval of Legislative Committee Minutes:

A motion to approve the minutes from March 23, 2010, was made by Mark Barry and seconded by Emile Laurino. Motion passed unanimously.

Outreach material review/development:

Mark Barry presented outreach material used at other legislative business meetings for the Committee's input. The first document was the "Flyer for Board Member Recruitments". Jerome Salatino also presented a tri-fold brochure as another option. The brochure tells who we are, serve, and our role as an organization. It lists all the current board members and related facts of value regarding the PHWB Board's impact on the community. Other information of value was a section regarding "The Return on Investments". This data was extracted by staff in-house.

The Committee felt this information could be used for outreach material in the community and local governing officials. Individuals unfamiliar with our organization would be able to understand our overall mission and our focus to employers, job seekers and other related workforce agencies.

It was suggested to turn the tri-fold brochure into a newsletter and Power Point presentation to be used as a presentation tool sharing information on how our funds are spent on various programs. It was also noted that our emphasis should be on how to get individuals back to work.
